

Please note when ordering online, the species selection on some product lines may default to Muntjac when you proceed to the checkout stage. We are investigating this anomaly and assure you that the security of your transaction is not compromised by this small error.

Once you have completed the checkout stage and your confirmation email has been received please email your species requirements to mark@wilddeer.co.uk and we will ensure the correct species is sent with your order.

With regard to delivery, if there is a specific date you require delivery to be received please advise us via emailing mark@wilddeer.co.uk and enclose your order reference number.

We are able to deliver up to Christmas Eve 2009 via UK Mail.

Many thanks and a Merry Christmas to all our customers past, present and future.
